

# SOC.x

## Transcript

**00;00;05;01 - 00;00;34;01**

**VOICEOVER (FEMALE):**

Organizations face risks that can damage financial performance reputations and the trust of customers and clients. You need an efficient and consistent way to get insight into your risks. You need to show that your risk controls are complying. You need efficiency. You need insight. You need compliance to streamline your risk reports. Get automation that adapts to the SOC reports and certifications you need with an approach that can test once and apply to many.

**00;00;34;19 - 00;00;59;12**

**VOICEOVER (FEMALE):**

That's the power of SOC.x, an Alyx solution powered by Grant Thornton. It combines our compliance knowledge with technology that streamlines analysis. Together, they create a solution for efficient and consistent compliance reports. Along with insights into your risk. The result? It's industry leading quality that's refreshingly efficient. This is SOC.x
